

You Get Insured Quality in 4130

A Heavy Weight Guaranteed Blue Serge Suit at \$18.50
The Masterpiece of Clothcraft Scientific
Tailoring

JUST to show how good a blue serge suit could be made at a medium price, the makers first produced 4130 a year ago. It proved the biggest seller they ever had, because it was easily the best value in blue serge ever offered at the price.

This Fall, it's even better. In fact, it's the Masterpiece of Clothcraft Scientific Tailoring. While not the highest priced suit in the Clothcraft line, it's easily the best that ever bore the Clothcraft Label and Guarantee.

By producing this suit in large quantities, the makers have been able to put in it a better serge than would otherwise be possible at the price. In fabric, fit, fashion and finish, 4130 is an exceptional suit. It's guaranteed all-wool, fast and full color, full weight. Guaranteed also to hold shape and give absolute satisfaction in wear and service.

We quickly foresaw the popularity of this Clothcraft Blue Serge Special for Fall, and we've prepared for a big demand.

Before you decide on your Fall suit, come in and see The Clothcraft Blue Serge Special No. 4130. Examine the cloth and the tailoring. Try it on and notice the style and fit. If you don't decide it's the best \$18.50 worth you ever saw, you can't buy it.

We sell and guarantee all \$10 and \$15 Suits

WILSON WINS
For President

By Largest Vote Ever Given
a Candidate for the
Presidency

That Woodrow Wilson won for President by the largest majority ever given to a candidate, tells the story of Wednesday's election.

Wilson carried 38 out of the 48 states.

Rhode Island, Vermont, Utah, and Wyoming were the only states carried by President Taft.

California, Illinois, Iowa, Kansas, Michigan and Washington went for Roosevelt, and all the rest are lined up in the Democratic column, with majorities from 50,000 to 300,000.

Kentucky went 105,000 Democratic.

Kentucky elects 9 Democratic Congressmen and 2 Republicans. Powers won by about 2,000.

The House of Representatives will be Democratic by a large majority.

Judge Charles C. Turner wins Judge of the Court of Appeals of the Seventh Appellate district over Judge Kirk.

Our big "Rooster" ordered for this special occasion failed to arrive, as did also the returns which we ordered shipped out by the Western Newspaper Union in plate form. In order that we might be able to give our readers the latest and most accurate returns we fell upon this plan and the result is by the carelessness of someone we are left just at the time of going to press without scarcely any election news, which has caused no little worry and regret to us.

BRODHEAD.

Mrs. George W. Brooks, of Denver, Colo., is with her mother, Mrs. M. E. Wilcott, who is very sick. Mrs. Brooks went to Colorado several months ago on account of her health, and we are proud to say that she looks better than she has in several years. Mrs. Linda Benton, of Millersburg, was with Mrs. J. F. Watson the latter part of last week. Mrs. Benton, who is worthy Matron of Robins Chapter No. 166, Order Eastern Star, was appointed Grand Warden of the Grand Chapter of Kentucky, O. E. S., which was in session in Hopkinsville the 23, 24 and 25 of October. Mr. and Mrs. Thomas Baker and family, of Wilton, were the guests of Mr. and Mrs. Wm. Francisco, last week. Mr. and Mrs. R. L. Smith, of the Hiatt section, were with their daughter, Mrs. A. M. Hiatt, last Sunday. Earl Phillips of Wildie, was in town last Sunday. Dr. George Frith, who is located in Tellico Plains, Tenn., is with home folks this week. He seems to have selected this week in order that he might have an opportunity to vote for Wilson and Marshall, and on his account we are glad that his first vote was not lost. The doctor is prepared to do all kinds of dental work here. Wade H. Leece, the popular Crab Orchard merchant, was in town last Sunday. Mrs. Lida Whyland, of Berea, is giving music to class of about twenty. She will probably teach vocal music also. Mr. and Mrs. David Webb, who has been very low with typhoid, are able to be out again. Their son, Cloyd, who has typhoid also is still very low. C. O. Howell was at home the first of the week. Mr. and Mrs. John Evans are rejoicing over the arrival of a democrat, and judging from the democratic majority, he must have voted last Tuesday. Arthur Anderson, of Paris, is here for a

few days. Mrs. G. F. Sutton, of Mt. Vernon, is with home folks this week. Mr. and Mrs. Chas. S. Lyons are at their home in Junction City for a few days this week. Mr. and Mrs. J. F. Carter, left Wednesday for Shelbyville and Owenton, where they will spend the winter. Mrs. Mary Evans, of Berea, was with her daughter, Mrs. D. B. Chandler, this week. Miss Clyde Watson entertained a number of pupils at a Halloween party last Thursday evening. Albert Jarrett also entertained a number of his friends the same evening. Miss Mary Adams, who has been with her parents, Mr. and Mrs. Smith Adams, for the past week returned to her home in Crab Orchard, Wednesday. Mr. L. M. Brown, of Louisville, is here for a few days. We forgot to mention in our letter last week the basketball game between Brodhead and Mt. Vernon high school boys and girls. The game between the boys resulted in a score of 10 to 8 in favor of our boys, and 8 to 6 in favor of our girls. We are sorry that we overlooked this item, but was sure that it would be mentioned elsewhere in this paper. The games were interesting from start to finish, and were largely attended. We are sorry that the Mt. Vernon rooters did not get to present the beautiful bouquets that they had so carefully selected for their winners. Too bad, sure. Mrs. John Robins returned home Monday after spending a month in Pineville. She is considerably improved in health. The post office at Ottawa, together with J. W. Brown's store, was totally destroyed by fire last Saturday night. The loss to Mr. Brown is considerable which was partly covered by insurance. Rev. E. M. Armitage, who has made his headquarters here for the past year, left for East Bernstadt, Wednesday, where he will make his headquarters this winter. Mrs. E. B. Newland is visiting her mother, Mrs. Henderson, at Paint Lick. A. M. Hiatt was in the Ottawa section, Wednesday, on business. Mr. H. H. Painter, of Pine Bluff, Ark., is with his brother, George E. Painter, of near here. Attorney E. R. Gentry was in town Wednesday. George S. Durham was at home to vote Tuesday. Since the rains have begun it reminds us of the promise the town trustees made about street crossings. Of course, we know they have just overlooked this matter, and we only wish to remind them that they will soon be badly needed. A number of petitions are already being circulated for the postoffice at this place. In fact before the polls closed Tuesday, a petition was out. While this may seem a little premature to some, we are of the opinion that the petitioners remember the saying, "The early bird catches the worm." Robert G. Wilcott returned to his home in Nepton to cast his vote. He will return in a few days on account of the serious illness of his mother. John Sigman is with relatives in the Wildie section this week. O. C. Wilcott returned to Knoxville, Tenn., after casting his vote, Tuesday. Mrs. A. M. Hiatt has been real sick for the past week, but is some better at this writing. Homer Wallin was here the first of the week. J. G. Frith bought the Wm. Mink heirs' tract of land adjoining the fair grounds at the Master Commissioner's sale, the fourth Monday in last month at \$353.00.

LEVEL GREEN.

The farmers are always kept busy it seems, they are now gathering corn and getting in fuel. E. B. Thompson spent a few days last week with home-folks and gave a lecture at the school house or Saturday night in behalf of the Republican party. Mr. and Mrs. James Maret of Mount Vernon were the guests of Dr. and Mrs. G. B. Lawrence last Wednesday. Vir Price and sister, Miss Katie, teachers in the Eastern part of the county, were with their mother last week. Mrs. W. F. DeBord and daughters, Misses Viola and Kate visited Mrs. J. R. C. Lathin last Sunday. We understand that they are expecting to have another good roads election. We certainly are in favor of good roads, that is by no means being for the "Bond Issue". O. J. Mullins who has been in very poor health for nearly a year is gradually getting worse. Yet we hope there is some chance of recovery. Mrs. W. H. Brown spent Sunday with her daughter, Mrs. O. L. Hatcher.

Mr. and Mrs. P. H. Shotts, of Bromo, visited Dr. and Mrs. H. H. Isaacs last Sunday. T. J. Brown is up from Somerset to spend a few weeks with his mother. Vir Price came in Tuesday to cast his first vote. A. C. Sowder the oldest man in our community has been very feeble for some time is able to be out. Mr. and Mrs. G. E. Price and little son, Clyde, spent Sunday with Mr. and Mrs. Chas. Riddle, at Walnut Grove. J. W. Mullins, L. & N. operator, spent last Sunday with his brother Oscar. Miss Dahlia Bailey was the guest of Miss Ora Brown Saturday night and Sunday. Mr. and Mrs. Wm. Hurst spent Sunday with George DeBord who is in very poor health. The presidential election passed off very quietly in this precinct, but very little said about it. There will be singing at Friendship Saturday night and also Sunday.

PORTO RICO'S NEW WONDER

From far away Porto Rico come reports of a wonderful new discovery that is believed will vastly benefit the people. Ramon T. Marchan, of Barceloneta, writes "Dr. King's New Discovery is doing splendid work here. It cured me about five times of terrible coughs and colds, also my brother of a severe cold in his chest and more than 20 others, have used it on my advice. We hope this great medicine will yet be sold in every drug store in Porto Rico". For throat and lung troubles it has no equal. A trial will convince you of its merit. 50c and \$1.00 Trial bottle free. Guaranteed by Chas. C. Davis.

SKIN SORES
Easily and Quickly Healed

Those who suffer from skin diseases, eruptions, pimples, itching, or other skin troubles, know the relief that can be obtained by the use of the Five-Drop Salve. It is a carefully compounded ointment that for fifteen years has proven its value as a soothing, healing, and protective agent. It is used for all skin diseases, including eczema, psoriasis, ringworm, and scabies. A single application will usually give immediate relief. The burning, irritating inflammation quickly subsides and the sores dry and disappear.

The Five-Drop Salve is now put up in 25 and 50 cent packages and sold by nearly all druggists. It is not obtainable in your locality you can order direct from Swanson's, P. O. Box 100, Chicago, Ill., and it will be sent post paid upon receipt of price. It is an excellent remedy for all skin diseases, and is sold only by mail.

ROCKFORD.

Mammy Todd is some better at this writing. J. J. and I. L. Martin went to a land sale Saturday near Walnut Meadow. The land belonged to the Vaughn heirs, and sold at commissioner's sale bringing \$52.00 per acre. Well we got beat on the bond issue this time but maybe we will learn better by and bye. We can't see why anyone should vote against good roads unless they have been eating summer rabbits. You know that rabbits seem to be very silly in summer. Last Saturday and Sunday was regular church days at Clear Creek and Bro. Willie Rowlett was ordained as a minister to preach the gospel. We hope he will have great success in the work.

Miss Minnie Lake, of near Hoats, who has been sick for the past two weeks is some better. Conard Chrisman visited C. L. Martin Saturday and Sunday. B. E. Martin visited Hugh Linville Sunday. Mrs. Mary Vaughn, of Boone, who has been sick for some time is some better. Hugh Linville, who was accidentally shot some time ago, is able to be out again. Mrs. W. H. Linville visited her mother and sister on Clear Creek Sunday. W. H. Stephens and wife visited the latter's parents Sunday. Kizzie Jackson and

Thomas Williams were quietly married last week. We wish them a long and happy life.

Ernest Martin, a popular young stock buyer of Paris, was here last week returning from Rockcastle and Laurel counties where he bought 100 head of hogs for the Paris market. He had to pay an average of about six cents for the porkers. Mr. Martin is an ex-Lincoln county boy and is making good in the hustling capital of Bourbon county.

Gov. Spoonamore, of Preachersville sold to Brown and Lawson, of Garrard 125 hogs, 25 delivered now and the rest to go in December, at 7 cents. He sold to W. A. Todd 60 acres of corn on the stalk at \$3.30 per barrel. Spoonamore also sold to Sam Carpenter 50 barrels of corn at \$2.50.

W. P. Kincaid the local tobacco buyer has been picking up several crops in different sections, but has not begun to buy generally yet. He got 35,000 pounds in Garrard last week at an average of about 12 cents a pound. His principal purchases was the crop of J. B. and S. P. Curtis, of the Hackley vicinity, which consisted of about 4,000 pounds for which Mr. Kincaid paid 10 cents for 400 pounds and 20 cents for the remainder of the crop. Interior Journal.

Don't forget Teddy.
We won with Wilson.
HELLO, President Wilson.
BAYAN for Secretary of State.
WILSON won without a wrong
word work.

WONDER whom the Taft men
"blame it on".

PROSPERITY has made not the
slightest retrograde movement so
far, at least not so you can notice
it with the naked eye.

THE hopefulness of the political
candidates on the eve of the elec-
tion is only exceeded by his ability
to make excuses after the election.

THE Elephant and the Moose they
showed so awful little speed,
That the Donkey distanced both of
them and came out in the lead.

THE entrance to the pie counter
is already jammed. Well the boys
have fasted to these many years,
and hunger is mean company.
They are hardly to be blamed.

HATS OFF to State Campaign
Chairman Camden. As an organ-
izer, hustler and general live wire
he was always on the job. The
Kentucky democrats owe him a
vote of thanks.

If you want to make a suit of
clothes easy, go down to Munford-
ville and get in jail. A new jail
has just been completed and the
jailer offers a fine suit of clothes to
the first prisoner he has.

THE NEW YORK WORLD says
that Wilson is typically American,
in that he rose from the bottom of
the ladder unaided; whereas both
Roosevelt and Taft were born with
silver spoons in their mouths.

Wilson beat two of the biggest
men produced by the Republican
party and there are some parties
who labor under the impression he
could have beaten three, even four
just as easily. Some people have
wonderful faith.

A MERCER county man died
while making a fire. Mark this,
wives, and take no chances on los-
ing your hubby in such a way.
Had the good wife made the fire
herself, she probably would not
have been a widow now. Nothing
like taking precaution.

"A HOUSE divided against itself
cannot stand"—likewise a political
party. It is plain as the hand
writing on the wall that is at hand
the finish of the G. O. P. and
every Democrat in the land should
at least have a grateful feeling
toward Colonel Roosevelt for
helping to do the very thing that
the Democratic party has been
trying to accomplish for fifty
years. And then, besides, this
will be the finish of the Colonel,
too.

AN UNSUFFICIENT MAJORITY.

Rockcastle county voted a few
days ago on a good roads bond
issue. The first published re-
ports of the result indicated that
the bond proposition had been
successful, but such was not the
case. To have been successful it
was necessary that it should be
indorsed by a two third majority
and this it did not receive.

The good roads advocates in
Rockcastle county made a good
fight. There were 2,270 votes
cast in the county, and of these
1,179 were for the bond issue and
1,091 against it. This gave a
majority of only eighty eight, which
was short nearly 400 votes of the
number required to indorse the
proposition. The result in Rock-
castle is similar to that in Whitley
county, where, at an election held

a few weeks ago, the majority fell
short of the necessary two-thirds.
Under the provisions of the
Constitution it is a difficult matter
to vote a bond issue in Kentucky
counties. A two thirds majority
is required before a county may
assume an indebtedness in excess
of its yearly income and revenue.
Many of the voters are unreason-
ably prejudiced against bonded
debts and no amount of argument
can influence them to support a
proposition which involves the
issue of bonds. The good roads
advocates in Rockcastle county
made a thorough canvass, but
they could not in a few short
weeks overcome opposition of that
sort. Whether they shall be able
to do so in the future remains to
be seen. The fight in any event
has not been altogether in vain in
Rockcastle county and have better
roads in future as a result of it.
When a majority of the people of
a county want good roads and are
willing to pay for them the situa-
tion assumes a most hopeful
phase.

The campaign for road improve-
ment will continue in Rockcastle
county and elsewhere, and if the
people will not vote for bond
issue other means for betterment
will be found. They may be less
effective, but they will bring some
degree of improvement, and once
the people are given an oppor-
tunity to weigh the advantages of
good road, or section of road, they
will be less inclined to resist
movements for prompt and per-
manent amelioration of highway
conditions.—Courier Journal.

EDUCATIONAL VALUE OF THE CHICAGO STOCK SHOW.

This great show will be held
from November 30 to December 7
at the Union Stock Yards, Chicago.
The entries are greater than ever
before, the quality of the stock
better and the interest among
farmers, breeders and feeders
keener than at any previous time.

It may be interesting to state that
the International Live Stock Ex-
position, from a comparatively
small beginning, twelve years ago
has assumed such importance in
the live stock world, as to render
its annual occurrence an absolute
necessity, not only on account of
its being the high court of appeal
of the court of last resort to stock-
men, but because it sets the
stamp of approval upon those of
our domesticated animals that are
most in demand and establishes a
standard among stock that must
be lived up to in order to realize
the highest price for his produce.

The day of the inferior animal,
the slow feeder and the tardy
money getter is passed and in
order to succeed and obtain the
best results in the shortest possible
time, stockmen must breed for
the types set by this great inter-
national tribunal; follow its man-
dates, adhere to its principles,
and abide by the findings of its
judges, in order to breed that
which is best, reaches maturity
the quickest and realizes the
highest price in the shortest time.

The ordinary observer has little
idea of what this Exposition is,
what it teaches and what it means.
It must be seen to be appreciated.
It must be studied to be under-
stood.

No more pleasant time can be
spent, no more practical lessons
learned, and no more valuable
knowledge gained, than by at-
tending the eight days devoted
to this Show. The stockman will
gain more real, sound, solid and
serviceable information by attend-
ing this Exposition than he can
gain in ten times the period at
any other institution. At this
Show he sees the best of every
breed, his field for comparison is
immense, and his opportunities
for practical instruction almost
limitless. By attending this
Show, he combines business with
pleasure. Knowledge with prac-
tice, and education with example.
It is the school of rapid learning
for the stockman a free education
that remains in his head, and
carries with it the methods where-
by the best live stock is produced
and most money made.

"TEN GOOD REASONS FOR HOME PATRONAGE".

1. Your home merchant can
duplicate the price made by any
responsible concern anywhere on
goods of equal quality, in the
same quantities and on the same
basis of delivery and payment.

2. You can examine your pur-
chases in the home stores and be
assured of satisfaction before in-
vesting your money.

3. Your home merchants are
always ready and willing to make
light any error or any defective
article purchased.

4. Your home merchants help
support, through direct and in-
direct taxation, your schools,
churches, and other public in-
stitutions.

5. Your home merchants help
make a good local market for
everything you have to sell, and
that market—more than any other
factor gives your land its present
value.

6. Your home merchants are
your good friends, ever ready to
extend a helping hand in time of
need.

7. If this community is good
enough for you to live in and
make your money in, 'tis good
enough to spend it in.

8. The best citizens in this
community are those who believe
in and practice home patronage.
Be one of the best.

9. The merchants in the dis-
tant city give you nothing valuable
that the home merchants can not
give you—and the former can
not and will not do for you many
things the latter do gladly.

10. Every dollar kept in cir-
culation in this community helps
increase property values. Every
dollar sent out of this community
that could as well be spent here
hinders the wheels of progress
and helps build up some other
community that could as well be
spent here: hinders the wheels of
progress and helps build up some
other community at your ex-
pense.

SIMPLIFIED SPELLING.

Slowly but surely the fight for
simplified spelling gains ground.
The results in the past few years
have more than met the expecta-
tions of the associations which is
pushing this much-needed reform.
Every month shows gain for com-
mon-sense spelling. The fight for
reason in spelling no longer
arouses that ignorant prejudice
and hostility it once did. The in-
sanities and manias of our
ridiculous spelling are no longer
sacred as they were a few years
ago. Of all the stand-patters the
spelling stand-patter is the most
amusing and it is a very hopeful
sign when a new idea gets planted
in his thick head.

There is little danger from a cold
or from an attack of the grip except
when followed by pneumonia, and
this never happens when Chamber-
lain's Cough Remedy is used.
This remedy has won its great
reputation and extensive sale by
its remarkably cures of colds and
grip and can be relied upon with
implicit confidence. For sale by
Chas. C. Davis.

Barbers are now antiseptic and
do not mangle their patrons
while beautifying them, but tim-
is no longer an object with them.
Nowadays the barber mummifies
his patients in towels and cloths,
and lays him back in an operating
chair. Then he soaks a towel in
red hot water and coils it over
the victims face, leaving one red
nostril exposed to breathe in
steam. Then he reads the morn-
ing paper and sharpens razors
until the patient's face is so
thoroughly cooked that the
whiskers will pull out at a mere
touch.

The Wonderful Palindrome.—
Here is a curious palindrome in
Latin, and of course you know
what a palindrome is—a word, a
sentence or a verse which reads
the same forward or backwards—
but this one is composed so that
the initial letters spell the first
word; the second letters of each
word spell the second; the third
letter the third, and so on inclusive.
It is said that such a thing is an
impossibility in English, but how-
ever this may be it would be hard
to dig up anything in any language
to equal it. It reads as follows:
SAUOR AREPOTNFOT OPERA
ROTAS.

"I am pleased to recommend
Chamberlain's Cough Remedy as
the best thing I know of and
safest remedy for coughs, colds
and bronchial trouble writes
Mrs. L. B. Arnold, of Denver,
Colo. "We have used it repeatedly
and it has never failed to give re-
lief". For sale by Chas. C. Davis.

THE SCOURGE OF HOG CHOLERA

Cost the hog raiser millions of dollars last year and nothing short of vaccination
seemed to offer the slightest promise of cure.

Prevention, however, is the logical solution of the question. Dr. Hess (M.D., D.V.S.)
has always maintained that by giving Dr. Hess Stock Tonic to tone up and strengthen every
organ in the system, to regulate the bowels, liver and kidneys, expel worms; and also thoroughly
disinfect the premises, sleeping quarter and runs with Dr. Hess Dip and Disinfectant, would
prevent an outbreak of this disease.

Read what one of the big hog raisers in the country says:

"During 1911 our country was visited by one of the worst hog plagues ever known.
We fed Dr. Hess Stock Tonic, and only lost two head out of a herd of two hundred and
ten."—Alex. Nevius, Modesta, Ill.

Also note what bulletin No. 182 of the Kansas State College says about preventing Hog Cholera:

"When we recall the conditions which favor the disease and the manner in which its infection
takes place, it will be seen that feeding and caring of hog has much to do with the prevention of the
Cholera. Premises should be cleaned and disinfected regularly. The hogs themselves should be dipped
every few weeks. Maintaining these conditions helps to keep up the vitality of the hog and in this way
troubles of all kinds are ward off. To aid digestion and circulation and to prevent worms, the bulletin
recommends a formula of Wood Charcoal, Sulphur, Salt, Sodium Bicarbonate, Sodium Sulphate, Sodium
Hypophosphate and Black Antim

This formula, given in tablespoonful doses would undoubtedly be beneficial but would cost the hog raiser about
10c per pound. Now compare this with the formula for Dr. Hess Stock Tonic which is vastly superior and has stood
the test of 20 years.

NUXOMICA, Digestive and Nerve Tonic.
SULPHATE OF IRON, Blood Builder & Expels Worms.
COMMON SALT, Appetizer. Expels Worms.
NITRATE OF POTASH, Acts upon the Kidneys.
FENUGREEK, Tonic and Aromatic.

QUASSIA, Digestive & General Tonic. Expels Worms.
SULPHATE OF SODA, Laxative & acts upon the Liver.
EPSOM SALTS, Laxative.
CHARCOAL, Prevents Noxious Gases.

This preparation is compounded by Dr. Hess, (M.D., D.V.S.) and sold to you on a written
guarantee and only costs 3c per month for the average hog. The definition of the ingredients
are taken from the United States Dispensatory and noted medical authorities.

Feed your hogs

Dr. Hess Stock Tonic

to prevent disease and expel worms. Sprinkle the runs and sleeping quarters with a solution of

Dr. Hess Dip and Disinfectant

one of the foremost coal tar, cresote disinfectants known. Also dip your hogs with this solution
when the weather will permit, and you will have no loss from disease.

PERSONAL

Dr. J. B. Green was in London
Sunday.

James Branaman was over from
Wildie Wednesday.

Dr. R. W. Dyche was down
from London Sunday.

Robert Harry Miller is home
from Morristown, Tenn.

Mrs. Linda Benton was the guest
of friends here this week.

Charley Adams, of Berea, was
here for a few hours Saturday.

Tribble Bryant, telegraph operator
is here from Miserton on a
visit.

Other Catron, of Lincoln, was
in this county last week buying
hogs.

Arch Albright is spending a few
days with Atty and Mrs. E. R.
Gentry.

Mr. and Mrs. Britton were here
from Somerset, last week, visiting
their son, Roy L. Britton.

Miss Sallie Reynolds, who has
been suffering from a severe attack
of erysipelas, is some better.

Mrs. Mollie Durham, of Brod-
head, is with her son, F. L.
Durham, on Newcomb Ave.

Miss Prather, stenographer in
Atty. C. C. Williams' office, spent
Sunday with relatives in Lexington.

Misses Daisy and Julia Fish
were with their grandmother, Mrs.
Sarah Maret, near Wildie, Wed-
nesday of last week.

Jim Smith, known as "Candy
Jim" had his leg broken by a
tree falling on him near his home
in the Hiatt neighborhood.

Tribble and Will Bryant, two
Rockcastle boys who are making
good with Western Union on the
K. C., were home last week.

Mrs. Sarah Wallen has returned
from Texas to make Mt. Vernon
her home. She, with her five
children, live on Adams street.

Wm. Mullins has resigned his
position with U. G. Baker and will
leave next Monday for London
where he expects to locate.

W. M. Linville was in a few
days ago and told us that his son
who was accidentally shot some
time ago is doing nicely and will
soon be out again.

Contractor A. N. Bentley was in
Louisville last week and brought
back two expert brick layers who
are now rushing the work on the
M. J. Miller building.

Atty. and Mrs. C. C. Williams
went to Louisville Tuesday.
Mrs. Williams will remain over
several days with her daughter,
Mrs. West, at the Henry Waterson.

Mrs. W. L. Richards spent
several days with friends at Lex-
ington. Her daughter, Miss Sadie
who is in school at Cordome met
her there and remained over a few
days.

Dr. D. B. Southard was in
Stanford yesterday. We regret
to learn that the Doctor will
probably leave Mt. Vernon and
locate in that town, where he will
be associated with Dr. E. J.
Brown.

Drs. Hatfield & Hargis, the
dentists who recently located here,
fitting up elegant offices over U.
G. Baker's store, are enjoying a
splendid patronage. One of them
stays in the Mt. Vernon office all
the time, while the other travels
sitting in to the office here all
work to be finished. They take it
time about making the adjoining
towns.

LOCAL

A bulletin board in front of L.
& N. watch inspector S. C. Frank-
lins shop will announce delays of
trains 22 and 23 every week day
one hour before trains are due.

A friend without faults will
never be found.

The election proved less noisy
here than expected.

week, a car load of walnuts con-
sisting of twelve hundred bushels.

The safety pin in common use
today is not a recent invention.
It was used during the Roman
Empire.

Fish hooks like those made to-
day were used in Switzerland 3000
years ago. Thimbles were used
2500 years since.

A number of ladies having re-
quested the organization of a cook-

Tuesday's election reminded us
of the old August elections years
ago, when everybody got drunk
and had from one to a dozen fights.
We had no fights - Tuesday but
several times the chances were
pretty good.

There will be a meeting of the
Woman's Club at Mrs. Cleo
Brown's home, Friday evening,
Nov. 8th, at 7:30 o'clock. The
report of the Program Committee
is to be heard and acted upon.
Every member is earnestly re-
quested to be present.

The order of the Eastern Star
held their annual grand chapter
at Hopkinsville two weeks since.
They have 9558 members in the
State. Mrs. Lida Benton, of
Brodhead, was appointed one of
the grand officers at the above
meeting.

Now that the elections are all
over, it is up to the people to turn
their attention to their business
and keep the wheels of progress
moving. For our part we propose
to try to give the news and to
this end we want to urge our cor-
respondents to assist us in this
effort by sending a good letter
each week with the full news of
your locality. We hope to hear
from every one in the county.

We have heard from one or two
sources of a half dozen or more
men who have said that they
were going to stop taking the
SIGNAL because this paper sup-
ported the bond issue. We were
unable to learn the names which
we regret very much, but we want
to say in unmistakable language
that all we ask of those people
whoever they may be, is just pay
us what you owe us and we will
be more than glad to cut your
name from our list. The SIGNAL
supported the bond issue because
we believed it was right and to the
man who opposed it from a
conscientious standpoint, we have
never said ought and never will
and thank God we have too much
sense and our views are too broad
to censure the man who exercised
the same right that we claimed for
ourselves, "freedom of thought
and freedom of speech.

The bond issue was lost; the
advocates have gracefully sub-
mitted to their defeat and for the
opposition it seems that their
victory should be sufficient to
calm their wrath. The vote
showed that the county was nearly
equally divided of those voting
and for some man or some few
men upon either side to attempt
a boycott as it were, of those upon
the other side, is bad policy and
a scheme of revenge that has
never worked to the advantage
of those who attempted to do it.
We are still for good roads and a
bond issue to build them because
we believe that is the only way
they can ever be built and to those
who believe otherwise we would
say stand by your convictions but
be man enough to concede to
the other man the same right you
claim for yourself.

The husband of a woman noted
for her extravagance in dress had
a terrible dream. He met a
strange collection of animals,
several foxes, a beaver and some
seals, and they had no coats. He
wondered, and then the beaver
explained: "We were skinned for
your wife's fur." The man smiled
"So was I" he said.

L. T. Stewart, a big hearted
farmer, of Wildie, arrested and
landed in jail here one Oscar San-
ders. At the time of arrest San-
ders had with him, over in Jack-
son county, a horse belonging to
Mr. Stewart which he had
borrowed to ride to his brother's
funeral. Sanders promised to re-
turn the horse in two days but
failed to show up the third day and
Mr. Stewart went after him and
found that he had been trying to
sell the horse. Since the arrest
reports have been coming in that
this same Sowder has been guilty
of a number of things, any of
which would land him in the pen.

The fact that all Fourth class
postoffices as well as many other
of the Government jobs have
been placed under the Civil Service
Act, will cause some disappoint-
ment to those who were expecting
a post office or some other job
under the Wilson Administration,
if that order holds good when Mr.
Wilson goes in. If the order
stands as it is now there will be
no change in the smaller jobs, in-
cluding post offices, clerks of all
kinds etc. Some say the order
will stand some say not. It is
very reasonable however to sup-
pose that the precedence long
since established, "to the victors
belongs the spoils" will come
pretty near prevailing. Let it be
as it may, those who expect any-
thing had better prepare for the
Civil Service examination and
make ready for a good one, for
without it, the chances of a piece
of pie will be rather slim.

LANGDON MEMORIAL.

Invitations were issued by the
girls of Langdon Dormitory to
friends in town for a Halloween
party on Thursday evening Oct
31st. Jack-o'-lanterns and ghosts
were found at the entrance as well
as scattered through the rooms.
During the evening marshmallows
were toasted at a big bon fire and
later a dumb supper was served in
the dark. The fortune teller was
one of the centers of interest.
After refreshments an impromptu
kindergarten and a chestnut race
concluded the amusements.

On Tuesday a mock election was
held among the students. The
polls were open before school, at
recess and at noon. Election
official presided, one sample ballot
was explained and a heavy vote
was polled. The result of the
election stood: Taft 3, Roosevelt
17, Wilson 25.

Mrs. Watson is conducting Miss

The American Literature class
has concluded a study of the life
of Washington Irving and some
of his well known sketches, in-
cluding, The Legend of Sleepy
Hollow, Christmas Eve, Christ-
mas Day, and The Christmas Din-
ner. They are doing some excel-
lent theme work.

Believing that every girl should
have regular recreation out of
doors, a portion of the day, at
the close of school is set aside for
that purpose. Walnut hunting
and the fox chase over the hills,
are among the favorite diversions.
Upon the request of several
ladies plans are being perfected
for a cooking class for the ladies
of the town. Further information
as to time and other details will
be given later.

A kindergarten class, with Miss
Robertson in charge, has been
organized at Red Bud School
House. A class in rochet work
and sewing will probably be con-
ducted also.

Speaking of what a newspaper
does in a community, the late U.
S. Senator Davis, of Illinois, made
an address in which he said:
"Every year each local paper
gives from \$200 to \$1060 in free
lines to the city in which it is
located. No other agency can or
will do this. The editor, in pro-
portion to his means, does more
for his town than any other man,
and he ought to be supported, not
because you like or admire him
and his style, but because a local
paper is the best investment a
community can make. Today
the local papers are doing more
for less pay than anything else on
earth."

"I do not believe there is any

Chas. C. Davis.

A sale was made last week of
the old Sublimity Springs property.
This old springs was established
by the late Dr. Graham, of
Harrodsburg, who built a mill
there, and afterwards a hotel.
This hotel was run for years by
Mrs. Cris Pitman, who formerly
was host of the old National
Hotel of Somerset. When Dr.
Graham established his mill he
put forth the idea of using flour
without bolting and from that
mill came what we now know as
"Graham Flour."

The following composition on
men is credited to a little girl:
"Men are what women marry.
They drink and smoke and swear,
but don't go to church. Perhaps
if they wore bonnets they would.
They are more logical than women
and also more zoological. Both
men and women sprung from
monkeys, but the women sprung
further than the men."

A barber is now one of the finest
luxuries of the leisure class, but
the man who has to attend to his
business and wait every day in a
barber shop while several earlier
birds are given the course of
treatment has little time left for
the higher pursuits of life.

ROYAL BAKING POWDER Adds Healthful Qualities to the Food

Prof. Prescott, of the University of
Michigan, testified before the Pure
Food Committee of Congress, that the
acid of grapes held highest rank as an
article of food and he regarded the re-
sults from baking with cream of tartar
baking powder as favorable to health.

Royal is the only Baking Powder made
from Royal Grape Cream of Tartar.

WOMEN TAKE NOTICE!

A man cannot understand the torture and suffering many women endure uncomplainingly. If the majority of men suffered as much pain and endured with patience the weakening sicknesses that most women do, they would ask for immediate sympathy and look for a quick cure.

Many women have been saved from a life of misery and suffering by turning to the right remedy—Dr. Pierce's Favorite Prescription—a remedy which is safe to take because containing no narcotics, alcohol or injurious ingredients. It is an alternative extract of roots, made with pure glycerin, and first given to the public by that famous specialist in the diseases of women—Dr. R. V. Pierce, of the "Lewistown" Hotel and Surgical Institute of Buffalo, N. Y.

Mrs. Hessemer.

Mrs. Lizzie M. Hessemer, of Lincoln, Neb., 329 C. St., says: "I send a testimonial with much pleasure so that some suffering woman may know the true worth of your remedy. I was a great sufferer from female troubles but after taking one bottle of Dr. Pierce's Favorite Prescription, which a friend advised me to take, I found myself very much improved. After taking three more bottles, and using two boxes of Dr. Pierce's Little Pills, I found myself on my feet and to recovery. I was in poor health for five years but now I am cured."

"I have all women suffering from female weakness will give Dr. Pierce's Favorite Prescription a fair trial."

Doctor Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules.

Children Cry FOR FLETCHER'S CASTORIA

TWO ARE KILLED

And Others Burned When Fire Destroys Sanitarium.

Louisville, Ky.—Two lives were snuffed out and two negro maids were painfully burned when fire, starting from a defective water heater, swept the Martinsville Sanitarium of Louisville.

Dr. J. W. Fultz, 66 years old, of South Park, Ky., a paralytic, was reported after he had been abandoned by his colored attendant in a bathroom.

Miss Elizabeth U. Sharp, 57 years old, of Bardonia, Ky., died at Norton Memorial Infirmary. She had been trapped in an electric bath cabinet, where she was taking her final treatment of an electro-medical course. Miss Sharp was a sister-in-law of General Bennett H. Young, commander of the United Confederate Veterans of the United States and a prominent and wealthy lawyer of this city.

Firemen reached Joseph Beaman of Louisville and Misses Edith Jarvis and Mary Ellis of Livermore, Ky., patients, who, in night garments, climbed from the windows of their rooms on the third floor and clung to narrow ledges until taken down on ladders.

A TOLL ROAD COMPANY.

Somerset Citizens Have Project Under Consideration.

Somerset, Ky.—A stock company will be organized here for the purpose of building a pike from Somerset to Waynesburg to connect with the Lincoln county pike, and from Somerset to the Cumberland river, to connect with the Monticello pike. The plan is to use the route of the county road and put in toll gates. The Fiscal Court, it is said, will grant the permission. It is figured \$20,000 will do the work. The people of Pulaski county are very much interested in good roads and propose to have these improvements.

MODEL CONSOLIDATED SCHOOL.

Maysville, Ky.—Miss Jessie O. Yancey, superintendent of Mason county schools, has prepared an exhibit of a model consolidated school of Mayslick, this county, which she will place on display at the Child's Welfare Exhibit, to be held in Louisville the latter part of November. These include pictures of the school wagons used in transporting the children to the schools.

GOOD PROFIT ON FARM.

Paris, Ky.—Joseph A. Wilson, a former druggist of this city, has sold his farm of 232 acres, seven miles from Paris, to John A. Bell of this county. The price is said to have been more than \$125 an acre. Mr. Wilson bought the farm eleven years ago at \$6.25 an acre. More than 100 acres of the farm is excellent tobacco land and fifty acres are virgin soil.

FIRE AT CARLISLE.

Carlisle, Ky.—Fire which destroyed a bee house, summer kitchen and meat house with contents at the home of Luke Mathias here and damaged his residence, which was saved by hard work. The total damage is about \$300, with insurance on the residence, but none on the other buildings. The origin is unknown.

AFTER "GUN TOTERS."

Paris, Ky.—Orders have been issued to the police to arrest and search all suspicious characters in an effort to put a stop to the practice of carrying weapons. The action of the authorities is the result of a number of shooting scrapes in and about Paris. The majority of the cases have occurred in the negro settlements.

FINE YEARLINGS SOLD.

Georgetown, Ky.—Col. Kinzie Stone and Eugene Rucker sold at Latonia six thoroughbred yearling colts, ranging in price from \$550 to \$850. The sales were made in England and have been resold recently and returned to their native land.

NEW MOOSE CLUBHOUSE.

Franklin, Ky.—Officers of the Loyal Order of Moose have leased the Valandingham property, in North Main street, and are having some handsome additions made to the property with a view of converting it into a clubhouse.

FARM SOLD FOR \$21,000.

Maysville, Ky.—One of the largest deals in real estate in Mason county in several months was the sale of J. M. Harrison's 151-acre farm to William J. Kackley of Mayslick for \$21,000. It is one of the best pieces of land in this county.

OIL EXCITEMENT IN WOLFE.

Winchester, Ky.—Pumping has begun on the new oil well at Cannel City, Wolfe county, and fifty barrels a day is being taken out. Dr. S. R. Collier and others who own the well will put down three others at once, one in the Elk Fork region, one in the neighborhood of the Caskoy gas wells and the other on White Oak creek. Big bonuses are being paid for leases. Mike O'Hair, a blind man, who owns a few acres near Cannelton, had a well running 120 barrels to come in.

For pains in the side or chest dampen a piece of flannel with Chamberlain's Liniment and bind it on over the seat of pain. There is nothing better. For sale by Chas. C. Davis.

Look for the maker's guarantee in Clough's clothes, \$10, \$15 and \$18. You can't get a \$10 guarantee suit anywhere else, only at Sutton & McBees.

Siege Spira, in Aegean Sea, Whose People Were Massacred by the Moslem Troops in the War of 1824—Powers Refuse to Intervene.

Athens, Nov. 6.—A wireless message from a foreign warship at Salonika says the Turkish army, which was defeated at Yenidje, about fourteen miles from Salonika, has reached that city in a complete disorder.

Before their flight from Statista, to the southwest of Kosani, the Turks pillaged a monastery. They cut a monk to pieces, impaled a three-year-old child and massacred many of the inhabitants of the town.

The European consuls at Scutari have complained that during the bombardment of October 27 many shells fell among the peaceful, population and caused a panic, and many exploded close to the consulate churches, mosques and schools.

Ships Sunk by Mines.

Constantinople, Nov. 6.—The Turkish steamer Channee has foundered in the Aegean sea, northwest of Chios. The crew and forty-two passengers were drowned. The steamer is supposed to have touched a mine. A Greek merchantman struck a mine in Saoniki harbor and was blown up.

The heir apparent, accompanied by a brother and Marshal Fread Pasha, have started for the army headquarters.

Greeks Occupy Island.

Athens, Nov. 6.—The Greeks have occupied the Turkish island of Ipsara, in the Aegean sea, northwest of Chios. The people of this island were massacred by the Turks in the war with Greece in 1824.

Turks to Make Last Stand.

London, Nov. 6.—The prospect that a considerable portion of the defeated Turkish army will be able to reform behind the lines of Tebaulla, the last fortifications before Constantinople, is not altogether excluded, but whether the Turks will be able to maintain there any serious resistance to the Bulgarian advance is a question which permits of doubt.

In the struggle with the allies the Turks lost more than half their artillery. In fact, the Servians alone claim to have captured no less than 300 guns. This will certainly militate against any prolonged stand at Tebaulla.

In a circular note to Turkish ambassadors abroad the Turkish government maintains that, although embarrassing, affairs are not desperate and declares that when the allies have completed their mobilization Turkey had barely begun hers. The note insists that Turkey is still able to maintain prolonged warfare.

Powers Make No Reply.

Up to the present hour there is no sign that anything has come of the port's appeal to the powers for mediation. No replies have been received at Constantinople, and there is little doubt that when they are received they will embody a declaration to the effect of proposing an armistice. Apparently Bulgaria is in no mood to negotiate peace at the present time.

Although fighting is still proceeding on the Tcherlu-Ser line and correspondents are sending reports of Bulgarian and Turkish successes in that neighborhood, according to which side they draw inspiration from, the official announcement from Constantinople that the Turks are withdrawing to the Tebaulla line of forts is not to be doubted, and it is evident that this fighting is merely an extensive rear guard action to cover the movement of the Turks toward Constantinople.

The fall of Adrianople is expected daily. The occupation of Bnk, on the railway between Saloniki and Kuleburgas, is the last link of the chain wholly cutting off the Turkish armies which have been fighting the great battles in the east from the scattered forces in the heart of the country and the west.

Comparative order is maintained in Constantinople and Saloniki, but apparently the nervousness felt in Europe over possible outbreaks is shared by the authorities in Turkey. In Constantinople the government is already sending great supplies for the army, and the likelihood of famine prices for food will add to the difficulties. Anxiety has been partly relieved, however, by the arrival of European warships. Others are on the way.

It is considered not unlikely that the fear of serious outbreaks in Constantinople may influence the powers to use diplomatic pressure to bring about peace at the earliest moment.

Austria Sends Fleet.

Vienna, Nov. 6.—An Austria-Hungarian fleet consisting of three battleships, one cruiser and two torpedo-boat destroyers left the naval station at Pola for Turkish waters.

Constantinople Loses Water Supply. London, Nov. 6.—The water supply of Constantinople was cut off by a large Bulgarian force which occupied Derkas at the end of the line of Tebaulla, from which point the aqueduct supplying the Turkish capital starts, according to a news agency dispatch from Sofia.

The Bulgarian troops have occupied the region between Tcherlu and Tebaulla, completely surrounding the Turkish force in that district.

WIRELESS HERO SILENT AFTER SAVING TWO SHIPS

Operator Withholds His Name When Boats Arrive After Collision and Passengers Are Saved.

Norfolk, Va., Nov. 6.—Another hero of the sea was born, it developed when the Norwegian steamer Norouga and the Norwegian sailing ship Glenlui met in a disastrous collision at sea last Friday.

The Norouga arrived last night in a sinking condition in tow of the revenue cutter Onondaga, and is preparing to dock. The Glenlui is expected later in the day, when it also will be docked.

The man to whom credit is given is the wireless operator on the Norouga, who declined to give his name, and whose desire to avoid notoriety was respected by Captain Hansen. When the crew was for deserting the stricken vessel the operator refused to leave his post and, with death riding the gale, continued to flash his appeals for help. He finally succeeded in raising both short stations and vessels of the Atlantic fleet. The rescue of the vessels was accomplished as they were about to founder.

The Norouga will be repaired at the Newport News shipyard, where eleven passengers, including eight women, and her freight will be transferred to the steamship Mexicana, which has been awaiting her arrival. The passengers were on board the Onondaga.

TEST NEW BIG COAST GUN

War Department Experts Think 14 Inch Weapon Will Supersede 12 Inch Cannon.

New York, Nov. 6.—War department experts who are at the Sandy Hook proving grounds for a series of tests of a new 14 inch coast defense gun believe that the larger weapon is destined rapidly to supersede the 12 inch bore cannon. The 14 inch type is expected, will be placed in the Panama canal fortifications, in Honolulu and in Manila harbor, as well as throughout the New York harbor defenses.

The 14 inch gun, as installed at Sandy Hook, weighs 50 tons, while the weight of the carriage complete is 285 tons. The weight of all the parts of the gun that move is 262 tons, and the weight of all the recoiling parts is 160 tons. Each shot that is fired uses four bags of smokeless powder weighing each 85 pounds, and costs \$750. The gun itself represents an outlay of \$120,000. Each projectile will penetrate any armor yet manufactured up to a distance of seven miles.

TELL STORY OF SHIPWRECK

Three of Six Who Remain From Twenty-four on the Cricketh Castle Are in Liverpool.

Liverpool, Nov. 6.—A touching story of suffering at sea is told by three of the six survivors of the crew of the Cricketh Castle, recently lost in the South Atlantic. They are in hospital here, having been brought from the Falkland islands by the Pacific liner Oravia.

When the vessel began to sink, from a leak, the lifeboat and gig were launched. The gig, with seven on board, never has been heard from. In the lifeboat were the captain, his wife and son, and fourteen others. Four died the same night and were buried at sea. The survivors had to row 200 miles before they could hope to sight land.

PRINCETON MEN IN SMASH

Classmate of Governor Wilson Killed and Former Curator of University Injured in a Motor Accident.

Philadelphia, Nov. 6.—Peter A. V. Van Doren, a lawyer of Princeton and a classmate of Governor Woodrow Wilson, was killed and Henry C. Dunn, former curator of Princeton university, was seriously injured in an automobile accident near Bristol, Pa. The men were on their way from Philadelphia to Princeton, and it is said their machine skidded while crossing a bridge over the railroad track and fell 35 feet down an embankment. Mr. Van Doren was 50 years old.

VENETIAN NIGHT IS BARRED

Examiner Brookfield of England Prevents the Display of Reinhardt's Production.

London, Nov. 6.—The examiner of plays, Charles H. E. Brookfield, has prohibited the production in England of Max Reinhardt's wordless play, "A Venetian Night." A large company was brought from Berlin with elaborate stage settings, and was to have appeared in the Palace theater.

After witnessing the rehearsal the censor forbade the production on the ground that the whole tone of the performance rendered it unsuitable for the English stage.

New Comet Is Discovered. Cambridge, Mass., Nov. 6.—The discovery of a new comet by Astronomer Borrelly of Marseilles, France, was announced in a cablegram received by the Harvard College Observatory.

Couldn't Walk!

"I used to be troubled with a weakness peculiar to women," writes Mrs. Anna Jones, of Kenay, Ill. "For nearly a year, I could not walk, without holding my sides. I tried several different doctors, but I grew worse. Finally, our druggist advised Cardui for my complaint. I was so thin, my weight was 115. Now, I weigh 163, and I am never sick. I ride horseback as good as ever. I am in fine health at 52 years."

TAKE The CARDUI Woman's Tonic

We have thousands of such letters, and more are arriving daily. Such earnest testimony from those who have tried it, surely proves the great value of this vegetable, tonic medicine, for women.

Cardui relieves women's sufferings, and builds weak women up to health and strength. If you are a woman, give it a trial. It should help you, for it has helped a million others. It is made from pure, harmless, herb ingredients, which act promptly and surely on the womanly organs. It is a good tonic. Try it! Your druggist sells it.

CHAS. C. DAVIS

THE DRUGGIST SAYS

That Tennyson or Longfellow could take a worthless sheet of paper and write a poem on it and make it worth \$75,000—that's the genius and there are others who can write a few words on a sheet of paper and make it worth \$8,000,000—that's capital and this nation of ours can take an ounce and a quarter of gold and stamp upon it an Eagle-bird and make it worth \$20.—that's money and some of our young ladies will buy a hat for \$1.25 but prefer one that cost \$35.—that's foolishness. I might sign my name to a cheque for a \$1,000,000, but it wouldn't be worth a dime—that's rouse. But some people will tell you that they can serve you as well as Chink but—that's nonsense—try me.

Yours truly
